

E-LEARNING - ONEDRIVE 365

PRODUCT INFORMATION

OneDrive is your personal web storage location that enables you to store, manage, and edit files online. You can share documents with other users and work on documents stored on OneDrive simultaneously with them. The documents stored on OneDrive can be accessed via the browser, for example, or by synchronising the documents with your computer.

Parameters

Version	4.1
Duration	approx. 1:46 h
